Subject: RE: Malibu question

Generally speaking, it would be part of a TSCA approval letter.

Within the short-term, EPA expects to approve, through TSCA, the district's plan to remove the four windows in question.

Thanks-
Kelly

Subject: RE: Malibu question

Is there an order or agreement of any kind on testing/removal?

Subject: Malibu question

Hi Bettina – Jared forwarded your note regarding the Malibu issue. Right now, there is no consent agreement between EPA and the school district.

We can try to make that clear in the one-pager we are working on, but I just wanted to clarify that beforehand in case there was some confusion.

If you'd like to discuss further, feel free to give me a ring at my desk line (below).

Thanks-

Kelly

Subject: FW: Malibu HS

Can someone brief me on how this fits given the consent agreement

Subject: Malibu HS

Yesterday, PEER sent a TSCA Notice of Intent to Sue letter to the Santa Monica-Malibu School District and EPA to force the cleanup of PCB contamination at the Malibu Middle & High School and the Juan Cabrillo Elementary School. The Malibu parents & teachers group has hired the Vititoe Law Group to represent them (involved in the Hinkley, CA Hex-Chrom litigation against PG&E).
